

INHUMAN TURK ENDS LIFE.

Was Being Brought for Part in Great Massacres.

CONSTANTINOPLE, Feb. 14.—Dr. Reshid Bey, former Vali of Diarbekr, accused of complicity in Armenian massacres, who recently escaped from custody, was run to earth by the Turkish police and shot himself through the head to avoid arrest, it is reported.

SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't say "gray" any more! You can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.—Advt.

FOUNDED 1856

UR suits for general service possess true distinctiveness in cut, style, color and weave of fabrics—all with the underlying stability which insures long satisfaction. There is no reason why a smartly designed suit should not wear as well as it looks—if it has the required tailoring and textile stamina.

Those attributes are embodied in every garment we offer. Everything men and boys wear.

SMITH WANTS MEN FIT FOR JOBS NOT PARTY WORKERS

Not Interfering With Appointments Made by Subordinates, He Says.

(Special to The Evening World.)

ALBANY, Feb. 14.—Gov. Smith took occasion today to make an emphatic denial of the published suggestion that he was responsible for the appointment of Thomas Crane by Superintendent of Public Works Lewis Nixon as a deputy in charge of the eastern division of the bureau of canal systems. Mr. Crane lives in Schenectady County and his appointment was opposed by Congressman George R. Lunn and his followers among the Schenectady County Democrats. The story that was circulated was to the effect that Gov. Smith had precipitated Democratic factionalism by endorsing the appointment of Crane. "The governor, in referring to the story, said:

"I had nothing whatever to do with the appointment. The story is very annoying and has caused considerable trouble. I know nothing about the appointment. I have not attempted to tell Mr. Nixon whom he shall or shall not appoint. The men I have named to office and whom I may appoint in the future are expected to get the best results possible in discharging their duties in the service of the State. I shall not interfere with them in any way for political or other purposes so long as they do their duty."

Referring to the appointment of Joseph H. Wilson, an enrolled Albany County Republican, for Secretary of the Budget Bureau in his own office, Gov. Smith said that when he named Mr. Wilson he knew nothing whatever about his politics and did not care. Mr. Wilson was recommended to him, he said, by some of his best friends in New York City as the most capable man in the State to look after budget matters. In this connection the Governor pointed out that when the State budget was submitted to him for analysis he would have at best about ten days in which to dissect it and trace out its various ramifications, and he wanted a man thoroughly equipped for the work. Mr. Wilson was recommended to him as the man for the place and he named him. That he was

formerly a Democrat, and then enrolled as a Republican, did not interest him at the time, he declared, and did not interest him now. What he wanted was a man to do certain work and he was satisfied he had him.

Considerable criticism of the reappointment of Col. William Gorham Rice as Civil Service Commissioner is still heard about the Capitol. One Tammany Senator said today:

"If Al picks out a few more Democrats like Rice and some more renegades like Wilson he will make a record. It looks as if the good old-fashioned Democrats who stick by the party year in and year out will have to grin and bear it."

THREATS TO SHOOT GIRL, CHARGE AGAINST SOLDIER

Second Lieutenant Attached to Military Police Accused of Attempted Felonious Assault.

On a charge of attempted felonious assault, Second Lieut. Marcus B. Grifflin, U. S. A., attached to the military police at the Bush Terminal, Brooklyn, was before Judge Dale in Brooklyn today and held in \$1,000 bail for a hearing Monday.

According to the police the army officer threatened to shoot Miss Eva Brown, nineteen, No. 218 53d Street, Brooklyn, when she attempted to leave him to enter her home last night.

Miss Brown charges that she had been keeping company with the officer for about two months. She met him last night, she said, as she was leaving a subway station. With her was Michael Whalen, an elderly neighbor. Lieut. Brown grew jealous, she said, telling Whalen to go home or he would shoot him.

The permit system for exports will be continued until further notice.

GERMANY TO DISBAND ARMY AND CONSCRIPT GUARD FOR DEFENSE

(Continued from First Page.)

hard. Germany, he said, has but a minimum number of foreign securities with which she can purchase food.

"Our gold, as the whole world knows, has, in large part, gone to the Entente," the President said. "All the gold and securities now on hand would not suffice to cover more than the most urgent needs. Germany would be glad to repay honorably and uprightly as soon as possible. If food and raw materials are furnished and Germany is given assistance toward rehabilitation, I believe the economic and general situation can be brought into an orderly and progressive path."

Count Brockdorff-Rantzau, the Foreign Minister in the Provisional Cabinet; Dr. Edmund David, the President of the National Assembly, and many persons experienced on economic lines, he said, would probably attend the Peace Conference for Germany, "but not Bernstorff," he added instantly to a questioner.

It was the first time that Count von Bernstorff's participation, which has been advertised freely, was denied authoritatively. The German peace delegates, President Ebert continued, will appear with definite proposals, including plans for a League of Nations, workmen's protective laws and a court to decide international disputes.

COPENHAGEN, Thursday, Feb. 14.—The programme of the new German Government, which has just been published at Berlin, includes equal rights for men and women, the

improvement of the educational system, conscription along democratic lines to establish a people's army, rationing at maximum prices of food and necessities of life, care of the wounded and the families of those killed during the war, the socialization of all industries ripe for such treatment, particularly the coal and iron mines, and considerable additions to income taxes.

In the realm of foreign affairs, the programme declares for peace along lines laid down by President Wilson, but refusing any peace of violence; for the repatriation of German prisoners of war, and for the establishment of a League of Nations, with disarmament and an obligatory Court of Arbitration in order that war may be made impossible in the future.

LIEBKNECHT SLAYERS NAMED

Berlin News: Organ Says Officer Shot Rosa Luxemburg.

BERLIN, Wednesday, Feb. 12 (Associated Press).—The Red Flag, the Spartacist organ, in a detailed indictment today recites the episodes and the names of the men alleged to have been involved in connection with the deaths of Dr. Karl Liebknecht and Rosa Luxemburg, the Spartacist leaders, on the night of Jan. 15.

Lieut. Capt. Fluck-Hausting is charged with having fired the first shot at Liebknecht when the automobile in which he was being taken to jail stopped in the Tiergarten. Private Runder, the paper says, beat Rosa Luxemburg with the butt of a rifle, and Lieut. Vogel is charged with having fired the fatal shot at her.
